

Certificate

Certified Passive House component

For cool temperate climates, valid until 31 December 2020

Passive House Institute
Dr. Wolfgang Feist
64283 Darmstadt
GERMANY

Category: **Floor Slab System**
Manufacturer: **JACKON Insulation GmbH**
33803 Steinhagen, GERMANY
Product name: **JACKODUR Atlas Bodenplatte**

This certificate was awarded based on the following criteria:

Heat transfer coefficient of building envelope:

$$f * U_{\text{opaque}} \leq 0.15 \text{ W}/(\text{m}^2\text{K})$$

with f: temperature reduction factor

Thermal bridge free design:

$$\Psi_e \leq 0.01 \text{ W}/(\text{mK}) \text{ for key connection details}$$

with Ψ_e : linear heat transfer coefficient

$$U_{\text{w,standard window, installed}} \leq 0.85 \text{ W}/(\text{m}^2\text{K})$$

with standard window: width 1.23 m; height 1.48 m

Interior surface temperatures above 17°C

$$\text{at } \vartheta_{\text{ext}} = -10^\circ\text{C} \text{ und } \vartheta_{\text{int}} = 20^\circ\text{C}$$

Airtightness of all components and connection details is provided

Certified connection details as per the certification report are listed below:

(updated 14. May 2013) Enumeration of thermal bridge free connections

Having fulfilled all certification criteria, "JACKODUR Atlas Bodenplatte" has been certified as Passive House suitable for the following connection details:

- Plinth detail - insulated concrete form; slab insulation: 120/200/320 mm
- Plinth detail - exterior insulation and finish system; slab insulation: 200/320 mm
- Plinth detail - lightweight timber construction; slab insulation: 120/200/320 mm
